### Springfield, Obio.

The internal emotions of Springfield, Obio, are rather too much for the charac teristic modesty for which she is famous She asked that the state republican conven tion should be held within her limits, promising to build a wigwam that would accommodate the delegates and alternates and to feed and lodge all who should come. She fulfilled her promises noblyto universal satisfaction.

Then one of her citizens, Capt. Asa S. Bushnell, was made chairman of the repub lican executive committee of the state and to a large extent made responsible for the conducting of the campaign.

Then, in due time. Springfield sent 3,000 people down to Cincinnati, the larger portion of them with white plug hats, to greet the coming governor, and on Tuesday she gave a rousing majority for the republican ticket throughout.

Next January she will send 5,000 republicans over to Columbus to see Judge Foraker inaugurated as governor of Ohio.
